Vinhos Verdes are rich and diverse.
Find some to sip now and others to enjoy later.

Grape Variety

Color

Aroma

Flavor

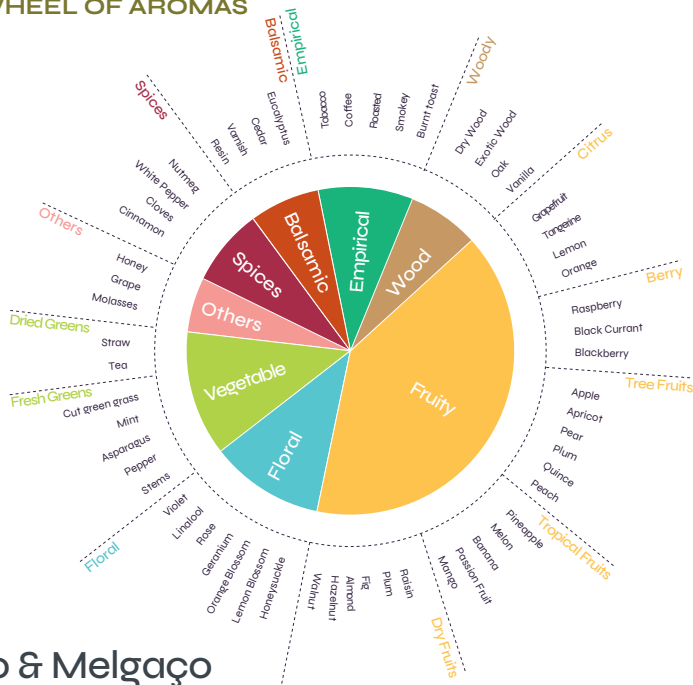

Evolution

Alvarinho	From a pale citrus yellow to rich straw yellow.	Intense and complex, fruity: quince, peach, banana, lemon, passion fruit, and lychee. The youngest wines reveal notes of pear and even melon.	Complex flavor: soft, harmonious, full-bodied, and persistent. Notes of minerals that contribute for a freshness.	A great potential for storage and evolution in the bottle. Sometimes with nuances of fermentation and barrel aging, always maintaining a fresh profile. Over time the grape variety acquires aromas of ripe orange, quince, hazelnut notes, walnut (almond-like character) and honey (caramelized).
Arinto (Pedernã)	From a pale citrus yellow to rich straw yellow.	Rich, from fruity to citrus, ripe apple, and pear, to floral accents of jasmine.	Refreshing flavor, mineral with a touch of saline, harmonious, full-bodied, and persistent.	A great potential for storage. Over time, the grape variety acquires notes of peach jam.
Avesso	From a pale citrus yellow to straw yellow.	Between fruity (orange, pineapple, melon, and peach), almond (nuts) and floral, with a dominant fruity character, intense and complex.	Fruity flavor, refreshing, fresh, harmonious, full-bodied, and persistent. Salty character and well-structured, crisp, and rich.	A great potential for storage. As it evolves, it maintains notes of white fruits (quince, pear) and excellent volume on the palate.
Azal	From a pale citrus yellow to an intense citrus yellow.	Fruity (lime, lemon, sometimes grapefruit and green apple), elegant, fresh, and citrus.	Fruity flavor with green lemon and notes of citrus and minerals, presents an excellent freshness.	The freshness and citrus are preserved, but it becomes more elegant and harmonious over time.
Loureiro	From a pale citrus yellow to straw yellow.	Fruity characteristics, from citrus (lemon) and green apple. Menthol with an emphasis on floral characteristics: delicate (reminiscent of roses) to sweet terpenes (jasmine). Honey and even tropical aromas may be present.	Fruity flavor, refreshing, elegant, mineral, and persistent.	It evolves to include notes of honey and beeswax. It is a versatile wine.
Trajadura	From a pale citrus yellow to a golden straw yellow.	Tree fruits (apple, pear, and peach) with notes of green apple in cold years.	Fruity character, soft, round, with moderate acidity and very elegant.	It evolves to include aromas of molasses and ripe fruit. In the mouth, the characteristic structure of the Trajadura varietal intensifies with a long, velvety finish.
Espadeiro	From pale pink to intense rose and from onion skin to salmon for the orange shades. In red wines, it presents as light ruby to ruby colored.	Refreshing with a touch of wild fruits, especially strawberry, sometimes cherry and notes of tropical fruits.	Intense flavor, fruity character (intense strawberry with notes of red currant), a very fresh finish with a medium duration.	Good capacity for evolution as it develops an aroma of compote. The well-marked natural acidity allows it to maintain its freshness over time. The color evolves to include more orange tones.
Padeiro	From light rose to intense rose, in red wines, it presents from a ruby red to garnet red.	Red fruits (strawberry and raspberry), with a tendency for sweet aromas (fresh guava) that resemble candy.	Dominant fruity character, harmonious, flavorful, and persistent.	It evolves to include subtle floral notes and sometimes, ripe plum.
Vinhão	Intense garnet red	Intense aroma of ripe, red fruits, red currant, blackberry, raspberry, and occasionally, a violet, floral character	A varietal with strong character. It is very fruity in the mouth, sweet, and intense with a round and refreshing flavor. Strong tannins offer further complexity, and it has a persistent finish in the mouth.	It evolves with notes of cloves and carnation (a blend of earthy and sweet), smooth tannins, a very gastronomic wine.
